McALISTER'S

THE preceding figure is given to represent the

possible appearance of the great Evaporation

for the impurities of the body. It will be noticed that

a thick cloudy mist issues from all points of the surface,

which indicates that this perspiration does not unite with

the body, but is in health, but ceases when we are

sick—Life cannot be sustained without it. It is thrown

off from the blood and other juices of the body, and dis-

poses by this means, of nearly all the impurities within

the system. The language of Scripture is, "in the BLOOD is

the Life." If it ever becomes impure, it may be traced di-

rectly to the stoppage of the Insensible Perspiration.

Thus we see, that it is necessary when the blood is stag-

nant, or infected, is to open the pores, and it relieves it-

self from all impurities. It is a great and necessary

remedy, and without it, no medicine, except to open the

pores upon the surface. Thus we see the folly of taking

so much internal medicine, when the original cause

of the disease is in the blood, and the perspiration is

stopped. The Thompsonian, for instance, breaks the

system, and does us with mercury, and the blistering

cure gorges us with pills, pills, pills.

To give some idea of the amount of the Insensible Per-

spiration, we will state that the learned Dr. Leewenhook

ascertained that five-eighths of all we receive into the

stomach, passed off by this means. In other words, if we

eat and drink eight pounds per day, we excrete five

pounds of it by the Insensible Perspiration.

This is none other than the used up particles of the

blood, and other juices, giving place to the new and fresh

ones. To check this, therefore, is to retain in the sys-

tem five-eighths of all the vitriol matter that nature de-

mands should leave the body.

By a sudden transition from heat to cold, the pores are

stopped, the perspiration ceases, and disease begins to

develop itself. Hence, a stoppage of this flow of

the juices, causes the most serious complaints.

It is by stopping the pores, that over-heated mankind

with colds, coughs, and consumptions. Nine-tenths of

the world die of diseases induced by a stoppage of the In-

senable Perspiration.

Let me ask, now, every candid mind, what course

seems the most reasonable to pursue, to restore the pores,

and yet to know of no physician who makes any exten-

sive application to effect it. Under these circumstances,

I present to physicians, and all others, McAlister's AL-

LEHEING OINTMENT, or the "WORLD'S Saviour," which

has POWER to restore perspiration on the feet, on the

head, around sore throats, on the chest, in short upon any

part of the body, whether diseased slightly or severely.

It has power to cause all external sores, scurvy humors,

skin diseases, poisonous wounds, to discharge their

pus, and thus leads them.

It is a Remedy that sweeps off the whole catalogue of

cutaneous disorders, and restores the entire cuticle to its

healthy functions.

It is a Remedy that cures the last fourteen years for all dis-

eases of the chest, consumption, liver, involving the utmost

danger and responsibility, and I declare before Heaven

and man, that not in one single case has it failed to cure

or to relieve, and it will endanger life. This Salve will al-

ways provide for such emergencies.

RHEUMATISM.

It removes almost immediately the inflammation and

swelling, when the pain is severe.

FEVERS.

In all cases of fever, the difficulty lies in the pores be-

ing locked up, so that the heat and perspiration cannot

pass off. If the least moisture could be started, the crisis

would be over, and there has been but one voice—no

will in all cases of fevers almost instantly unlock

the skin and bring forth the perspiration.

It is a Remedy that cures the last fourteen years for all dis-

eases of the chest, consumption, liver, involving the utmost

danger and responsibility, and I declare before Heaven

and man, that not in one single case has it failed to cure

or to relieve, and it will endanger life. This Salve will al-

ways provide for such emergencies.

WORMS.

Parents know how fatal most medicines were to

children taken inwardly, they would be slow to resort to

them. Especially "mercurial lozenges," called "medi-

cated lozenges," "vermifuges," pills, &c. The truth

is, no one can tell, invariably, when worms are present.

Now let me say to parents, that this Salve will always

kill if a child has worms. It will DRIVE every vestige

of them away.

There is probably no medicine on the face of the earth

so sure and so safe in the expulsion of worms.

AS A FAMILY MEDICINE.

No man can measure its value. So long as the stars roll

along over the Heavens, so long as man treads the

earth, subject to all the infirmities of the flesh—so long as

diseases and sickness is known—just so long will this

good Ointment be used and esteemed. When man ceases

from off the earth, then the demand will cease, and

we will tell them.

CAUTION.—No Ointment will be genuine unless the

names of JAMES McALISTER, or JAMES McALISTER & Co.,

are written with a red wax upon every label.

Now we hereby offer a reward of \$500 to be paid on

conviction in any of the constituted courts of the United

States, of any individual counterfeiting our name and

Ointment.

April 3, 1846. —(30)
